MICHAEL ANDERSON

SECURITY RISK ENGINEER

Results-driven Security Risk Engineer with a decade of experience in the healthcare industry. Expertise in implementing security measures to protect patient data and ensure compliance with HIPAA regulations. Proven ability to conduct thorough risk assessments and develop effective security policies. Strong communicator, adept at collaborating with multidisciplinary teams to enhance security awareness.

PROFESSIONAL EXPERIENCE

HealthFirst Group   *Mar 2018 - Present*
Security Risk Engineer

- Developed and enforced security policies that resulted in 100% compliance with HIPAA regulations.
- Conducted risk assessments that identified critical vulnerabilities and recommended solutions.
- Led security awareness training for over 300 staff members, improving compliance knowledge.
- Implemented security monitoring tools to detect and respond to incidents in real-time.
- Collaborated with IT to ensure secure electronic health record systems.
- Analyzed security incidents and developed strategies to prevent future occurrences.

Wellness Inc.   *Dec 2015 - Jan 2018*
Information Security Officer

- Managed the organization's information security program, aligning with business goals.
- Conducted audits to ensure compliance with healthcare regulations and standards.
- Developed incident response plans that minimized downtime during security breaches.
- Engaged in regular training sessions to enhance staff knowledge of security protocols.
- Utilized risk management frameworks to assess organizational vulnerabilities.
- Reported security findings and strategies to executive leadership.

ACHIEVEMENTS

- Spearheaded a project that improved security compliance by 80% over two years.
- Received 'Best Practices Award' for exceptional contributions to information security.
- Successfully managed a budget that reduced security expenditures by 15% while enhancing measures.
