SUMMARY

As a Security Testing Engineer with over 5 years of experience, I have developed a comprehensive understanding of cybersecurity frameworks and methodologies. My passion for identifying vulnerabilities and mitigating risks has been the driving force behind my career. I have worked extensively with various security tools and technologies, including penetration testing and vulnerability assessment software.

WORK EXPERIENCE

Security Analyst TechSecure Inc.

Jan 2023 - Present

- Conducted regular security assessments and vulnerability scans on company systems.
- Utilized tools like Nessus and Burp Suite to identify security weaknesses.
- Collaborated with development teams to remediate vulnerabilities in web applications.
- Produced detailed reports highlighting security risks and recommended mitigations.
- Trained staff on security best practices and awareness.
- Led incident response efforts for security breaches, minimizing damage and restoring operations.

Security Consultant SafeNet Solutions

Jan 2020 - Dec 2022

- Provided expert security consulting services to various clients across industries.
 - Developed and implemented security policies and procedures tailored to client needs.
 - Performed penetration testing using Metasploit and OWASP ZAP to ensure compliance.
 - Assisted in the development of a security awareness training program.
 - Advised on risk management strategies to minimize security threats.
 - Reported findings to stakeholders, presenting data-driven recommendations.
-

EDUCATION

Bachelor of Science in Computer Science

Sep 2019 - Oct 2020
