# MICHAEL ANDERSON

## PENETRATION TESTER

With over 6 years of experience in security testing, I have a strong background in creating and implementing effective security protocols for various organizations. My expertise lies in vulnerability assessment, penetration testing, and security audits, which I have conducted across multiple sectors, including finance and healthcare. I am adept at using various security tools and frameworks to identify weaknesses and provide actionable recommendations.

## PROFESSIONAL EXPERIENCE

### **SecureTech Ltd.**

*Mar 2018 - Present*

#### Penetration Tester

- Executed penetration tests on web applications and networks to identify vulnerabilities.
- Utilized tools such as Kali Linux and Wireshark for thorough analysis.
- Collaborated with teams to remediate identified vulnerabilities effectively.
- Developed detailed reports and presentations for stakeholders.
- Conducted risk assessments and recommended mitigation strategies.
- Participated in incident response exercises to enhance preparedness.

### **Global Finance Corp.**

*Dec 2015 - Jan 2018*

#### Security Auditor

- Performed security audits of internal systems to ensure compliance with regulations.
- Reviewed security policies and procedures for effectiveness.
- Identified areas for improvement and presented findings to management.
- Assisted in the development of security training programs for employees.
- Monitored compliance with security standards and best practices.
- Contributed to the organization's risk management framework.

## ACHIEVEMENTS

- Improved security posture by identifying and resolving 200+ vulnerabilities.
- Recognized for excellence in security audits with a company award.
- Led a team that achieved ISO 27001 certification for the organization.
