Michael Anderson

LEAD SECURITY CONSULTANT

As a seasoned Security Testing Engineer, I bring over 10 years of experience in the field of information security, focusing on threat analysis and incident response. My extensive background in various industries, including telecommunications and retail, has equipped me with a diverse skill set that spans across security testing methodologies and frameworks.

EXPERIENCE

LEAD SECURITY CONSULTANT

SecureNet Solutions

2016 - Present

- Designed and implemented comprehensive security testing strategies for clients.
- Led a team of security analysts in conducting risk assessments and audits.
- Utilized advanced tools like Metasploit and Nmap for vulnerability discovery.
- Advised clients on security best practices and compliance requirements.
- Conducted tabletop exercises to simulate incident response scenarios.
- Authored security policies and procedures to enhance organizational security.

SENIOR SECURITY ANALYST

TelecomSecure LLC

2014 - 2016

- Monitored network security and responded to incidents in real time.
- Conducted forensic analysis of security breaches and provided remediation strategies.
- Collaborated with IT teams to enhance security posture across networks.
- Developed incident response plans and conducted training for staff.
- Performed regular security assessments to identify and address vulnerabilities.
- Presented findings and recommendations to senior management.
