MICHAEL ANDERSON

SENIOR BUSINESS ANALYST

Strategic and analytical Senior Business Analyst with extensive experience in the healthcare sector, adept at leveraging data to enhance patient outcomes and operational efficiency. Expertise includes conducting in-depth analyses of healthcare processes, identifying areas for improvement, and implementing data-driven solutions. Proven ability to collaborate with clinical and administrative teams to drive change and optimize workflows.

PROFESSIONAL EXPERIENCE

Health Innovations Inc.

Mar 2018 - Present

Senior Business Analyst

- Analyzed clinical data to identify trends in patient care and inform quality improvement initiatives.
- Collaborated with healthcare providers to streamline patient admission processes, reducing wait times by 25%.
- Developed dashboards for real-time monitoring of key performance indicators.
- Facilitated training sessions for staff on data reporting tools and best practices.
- Prepared comprehensive reports for regulatory compliance assessments.
- Led cross-functional teams in process redesign projects, enhancing patient satisfaction.

Medical Solutions Group

Dec 2015 - Jan 2018

Business Analyst

- Supported the implementation of electronic health record systems to improve data accessibility.
- Conducted workflow analyses to enhance operational efficiency across departments.
- Analyzed patient feedback to inform service delivery improvements.
- Collaborated with IT teams to develop reporting tools that track patient outcomes.
- Documented business processes to ensure compliance with healthcare regulations.
- Participated in strategic planning sessions, contributing data-driven insights.

ACHIEVEMENTS

- Instrumental in a project that resulted in a 30% reduction in patient readmission rates.
- Awarded 'Excellence in Analysis' for contributions to quality improvement initiatives.
- Developed a patient satisfaction survey that increased response rates by 40%.
