MICHAEL ANDERSON

SUPPLY CHAIN ENGINEER

Dynamic Senior Industrial Engineer with a strong focus on supply chain optimization and logistics management. With over 15 years of experience in diverse sectors including retail and distribution, I excel at developing strategies that streamline operations and improve service delivery. My expertise lies in inventory management, demand forecasting, and process reengineering, which have allowed me to significantly reduce lead times and costs.

PROFESSIONAL EXPERIENCE

Retail Logistics Corp.

Mar 2018 - Present

Supply Chain Engineer

- Optimized inventory levels, leading to a 20% reduction in carrying costs.
- Implemented a new demand forecasting system that improved accuracy by 30%.
- Streamlined logistics operations, reducing delivery lead times by 15%.
- Collaborated with suppliers to enhance delivery schedules and reliability.
- Analyzed supply chain data to identify cost-saving opportunities.
- Developed training materials for staff on supply chain best practices.

Distribution Solutions Inc.

Dec 2015 - Jan 2018

Industrial Engineer

- Led projects to improve warehouse layout, increasing storage capacity by 25%.
- Conducted time and motion studies to enhance operational efficiency.
- Developed KPI metrics to monitor supply chain performance.
- Facilitated cross-functional meetings to align supply chain strategies.
- Implemented process improvements that reduced order fulfillment time by 20%.
- Worked on cost analysis for logistics operations, identifying savings of \$250,000 annually.

ACHIEVEMENTS

- Achieved a 95% on-time delivery rate for key clients.
- Recognized for Excellence in Supply Chain Management in 2020.
- Successfully led a project that reduced logistics costs by over \$400,000.
