WORK EXPERIENCE

Senior Infrastructure Development Manager

2020-2023

Water Solutions Inc.

- Directed water infrastructure projects aimed at improving community access to clean water.
- Managed project budgets of up to \$10 million, ensuring financial accountability and efficiency.
- Collaborated with government agencies to secure necessary permits and funding.
- Conducted assessments to identify community water needs and project feasibility.
- Engaged with local stakeholders to promote project benefits and gather feedback.
- Developed and implemented project timelines and resource allocation plans.

Infrastructure Project Coordinator

2019-2020

City Water Authority

- Supported the planning and execution of water infrastructure improvement projects.
- Assisted in stakeholder engagement efforts to gather community input.
- Monitored project schedules and budgets, reporting variances to management.
- Prepared documentation for regulatory compliance and project proposals.
- Facilitated training sessions on water management best practices.
- Conducted site assessments to evaluate existing water infrastructure conditions.

ACHIEVEMENTS

- Successfully completed a \$5 million water infrastructure project on time and within budget.
- Awarded 'Outstanding Contribution to Water Management' for innovative project solutions.
- Achieved a 20% increase in community satisfaction regarding water accessibility.
