## SUMMARY

An accomplished Senior Lecturer with over 15 years of experience in teaching and research within the field of Environmental Science. I have a proven track record of developing innovative curricula that incorporates hands-on learning and active engagement methods. My expertise lies in sustainable development, climate change education, and community outreach.

---

## WORK EXPERIENCE

### Senior Lecturer Green University

Jan 2023 - Present

- Designed and implemented a new environmental science curriculum that increased student engagement by 30%.
- Conducted research funded by state grants, resulting in three published papers in leading journals.
- Facilitated workshops and seminars for community members on sustainable practices.
- Mentored graduate students in their research projects, leading to successful thesis defenses.
- Collaborated with local NGOs to develop outreach programs that reached over 500 participants.
- Evaluated the effectiveness of teaching methods, contributing to continuous improvement in course delivery.

### Lecturer City College

Jan 2020 - Dec 2022

- Taught undergraduate courses in environmental policy, achieving an average student satisfaction rating of 4.8/5.
  - Introduced a service-learning component to the curriculum that enhanced practical learning experiences.
  - Organized annual student-led conferences that showcased research and fostered peer collaboration.
  - Developed assessment tools that improved learning outcomes for over 200 students annually.
  - Participated in faculty committees to enhance university-wide educational strategies.
  - Provided academic support through personalized tutoring sessions, increasing pass rates by 20%.
-
