

MICHAEL ANDERSON

LEAD SHEET METAL ARTISAN

PROFILE

Meticulously skilled Sheet Metal Artisan with over 15 years of industry experience specializing in HVAC systems and installations. Possesses an in-depth understanding of sheet metal properties and the latest fabrication technologies. Expertise in managing large-scale projects, ensuring timely completion while maintaining high standards of quality and safety. Proficient in collaborating with architects and engineers to design effective ventilation systems tailored to specific building requirements.

EXPERIENCE

LEAD SHEET METAL ARTISAN

Airflow Dynamics

2016 - Present

- Designed and installed custom ductwork systems for commercial HVAC applications.
- Supervised a team of artisans ensuring adherence to project timelines and quality standards.
- Developed training programs to enhance team skills in advanced fabrication techniques.
- Conducted regular site inspections to assess project progress and compliance.
- Collaborated with clients to customize solutions based on specific airflow requirements.
- Implemented safety training sessions to minimize workplace incidents.

SHEET METAL FABRICATOR

Climate Control Solutions

2014 - 2016

- Fabricated a variety of components for heating and cooling systems using industrial machinery.
- Interpreted blueprints and technical specifications to produce precise parts.
- Engaged in troubleshooting and resolving fabrication issues swiftly.
- Maintained detailed records of production activities to ensure quality control.
- Utilized hand tools and machinery with a focus on safety and efficiency.
- Assisted in the development of new product lines, contributing to innovation in HVAC solutions.

SKILLS

- HVAC systems
- ductwork design
- project supervision
- problem-solving
- customer service
- mentoring

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR OF SCIENCE IN MECHANICAL ENGINEERING, UNIVERSITY OF TECHNOLOGY, 2008

ACHIEVEMENTS

- Achieved a 20% increase in customer satisfaction ratings through improved service delivery.
- Led a project that resulted in energy savings of 30% for a large commercial client.
- Developed a mentorship program that improved skill retention among apprentices.
