Michael Anderson

COMPLIANCE SHIFT OPERATIONS ENGINEER

Experienced Shift Operations Engineer with a strong focus on compliance and regulatory affairs within the energy sector. Over eight years of professional experience in managing power plant operations while ensuring adherence to industry standards and legal requirements. Demonstrated ability to conduct comprehensive audits and assessments that drive operational improvements and regulatory compliance.

EXPERIENCE

COMPLIANCE SHIFT OPERATIONS ENGINEER

Regulatory Energy Solutions

2016 - Present

- Managed compliance operations for a 300 MW power plant, ensuring adherence to all regulatory requirements.
- Conducted regular audits and assessments to identify compliance gaps and implement corrective actions.
- Developed training programs to enhance staff understanding of compliance protocols.
- Collaborated with external auditors during compliance reviews.
- Monitored emissions data to ensure compliance with environmental regulations.
- Documented compliance processes and maintained accurate records for regulatory reporting.

SHIFT OPERATIONS ENGINEER

Energy Compliance Group

2014 - 2016

- Supported operational compliance for a 200 MW biomass facility, focusing on safety and environmental standards.
- Assisted in the development of compliance documentation and training materials.
- Participated in safety drills and compliance audits to ensure operational readiness.
- Monitored internal processes to identify areas for compliance enhancement.
- Collaborated with management to ensure alignment with regulatory changes.
- Achieved a 100% compliance rate during annual internal audits.
