# MICHAEL ANDERSON

## DATA ANALYST - MARITIME OPERATIONS

Dynamic and detail-oriented Ship Operations Analyst with substantial experience in maritime data analysis and operational optimization. A history of developing and implementing analytical frameworks that support strategic initiatives and enhance shipping efficiency. Proven aptitude for utilizing advanced analytical tools and methodologies to drive insights into operational performance. Exceptional communication skills facilitate collaboration with diverse teams and stakeholders, ensuring alignment on objectives and strategies.

## **PROFESSIONAL EXPERIENCE**

### **Sea Logistics Group**

*Mar 2018 - Present*

Data Analyst - Maritime Operations

- Developed data models to assess shipping performance and operational risks.
- Analyzed large datasets to identify trends and recommend actionable strategies.
- Worked alongside IT to enhance data collection systems for improved accuracy.
- Prepared detailed analytical reports for management review.
- Supported the implementation of a new software tool for operational tracking.
- Conducted training workshops on data analysis techniques for team members.

### **Port Authority of Seattle**

*Dec 2015 - Jan 2018*

Operations Coordinator

- Coordinated shipping schedules and logistics for incoming and outgoing vessels.
- Monitored port operations to ensure compliance with safety regulations.
- Collaborated with shipping companies to resolve operational discrepancies.
- Maintained accurate records of cargo movements and operational data.
- Assisted in developing contingency plans for operational interruptions.
- Facilitated communication between various departments to enhance operational flow.

## **ACHIEVEMENTS**

- Improved data accuracy by 25% through the implementation of new tracking systems.
- Recognized for excellence in data analysis with a company award.
- Played a key role in reducing operational delays by enhancing scheduling processes.
