SKILLS

- Hatchery Management
- Larval Rearing
- Biosecurity
- Data Monitoring
- Team Training
- Regulatory Compliance

EDUCATION

**BACHELOR OF SCIENCE IN
AQUACULTURE, UNIVERSITY OF
SOUTHERN MISSISSIPPI, 2015**

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Increased larval survival rates by 15% through improved practices.
- Successfully reduced operational costs by 10% through process optimization.
- Recognized for outstanding performance with a company award in 2022.

Michael Anderson

HATCHERY MANAGER

A highly skilled Shrimp Farming Specialist with a strong foundation in hatchery operations and larval rearing techniques. With over 7 years of experience in the aquaculture industry, this professional has developed expertise in optimizing hatchery processes to enhance shrimp survival rates and growth performance. Adept at utilizing modern technologies and methodologies to improve production efficiency.

EXPERIENCE

HATCHERY MANAGER

AquaGen Hatcheries

2016 - Present

- Managed hatchery operations focused on larval shrimp production.
- Implemented protocols to enhance larval survival and growth rates.
- Monitored and adjusted environmental conditions to optimize hatchery performance.
- Trained staff on hatchery techniques and biosecurity measures.
- Collaborated with research teams to improve hatchery practices.
- Ensured compliance with industry regulations and standards.

AQUACULTURE TECHNICIAN

Coastal Shrimp Farms

2014 - 2016

- Assisted in hatchery operations, focusing on larval care and feeding.
- Conducted routine health assessments of larval shrimp populations.
- Monitored water quality and adjusted parameters as necessary.
- Participated in the development of feeding protocols for optimal growth.
- Documented production data and reported findings to management.
- Supported biosecurity efforts to prevent disease outbreaks.
