# MICHAEL ANDERSON

## JUNIOR SITE ENGINEER

Ambitious Site Engineer with 5 years of experience focusing on residential construction projects. Adept at managing day-to-day operations on-site and ensuring projects are completed on time and within budget. Strong understanding of building codes, safety regulations, and best practices in construction. Skilled in using modern construction technologies and methodologies to improve workflow efficiency.

## **PROFESSIONAL EXPERIENCE**

### **Home Builders Group**

*Mar 2018 - Present*

Junior Site Engineer

- Assisted in the construction of over 50 residential units, ensuring compliance with safety and quality standards.
- Maintained daily logs of project progress and communicated with supervisors and clients.
- Coordinated with subcontractors to ensure timely delivery of materials and services.
- Performed site inspections to verify adherence to design specifications.
- Participated in project planning meetings and contributed to problem-solving discussions.
- Utilized construction management software to streamline communication and documentation.

### **Build Right Co.**

*Dec 2015 - Jan 2018*

Site Engineer Intern

- Supported senior engineers in the management of small to medium-sized projects.
- Conducted materials estimation and assisted in procurement processes.
- Learned to draft project reports and presentations for stakeholder review.
- Engaged in on-site training for safety protocols and construction techniques.
- Assisted with quality control inspections, identifying areas for improvement.
- Collaborated with team members to enhance site productivity and efficiency.

## **ACHIEVEMENTS**

- Successfully completed training in advanced safety protocols.
- Received 'Employee of the Month' recognition for outstanding performance on-site.
- Contributed to projects that won local community awards for quality and design.
