MICHAEL ANDERSON

VETERINARY CONSULTANT

Results-oriented Small Ruminant Specialist with extensive experience in veterinary science and animal husbandry. Possesses a strong foundation in clinical practices, herd health management, and nutrition. Proven expertise in diagnosing and treating common ailments in small ruminants, coupled with an ability to develop tailored management plans for diverse farming operations. Highly skilled in utilizing veterinary technology and data management systems to enhance operational efficiency.

PROFESSIONAL EXPERIENCE

Elite Veterinary Services

Mar 2018 - Present

Veterinary Consultant

- Provided expert consultation on health management practices for small ruminant operations.
- Conducted diagnostics and treatment plans for various health issues.
- Implemented vaccination schedules and health monitoring protocols.
- Advised clients on nutrition and feeding strategies to optimize production.
- Collaborated with agricultural extension services to enhance livestock health.
- Maintained detailed health records for tracking and analysis.

Farm & Ranch Veterinary Clinic

Dec 2015 - Jan 2018

Animal Health Technician

- Assisted veterinarians in clinical procedures and surgeries for small ruminants.
- Administered medications and vaccinations as directed.
- Monitored recovery of animals post-surgery and reported any complications.
- Educated clients on preventive care and management strategies.
- Managed inventory of veterinary supplies and equipment.
- Participated in continuing education workshops to enhance veterinary skills.

ACHIEVEMENTS

- Improved herd health outcomes by implementing new vaccination protocols.
- Awarded 'Employee of the Year' for outstanding client satisfaction and care.
- Contributed to research published in veterinary journals on small ruminant health.
