MA

Michael
ANDERSON

GIS PROJECT COORDINATOR

Dedicated Smart City GIS Specialist with a strong foundation in geographic information science and its application in urban management. Expertise spans the development of geospatial solutions tailored to enhance city services and improve community engagement. Proficient in utilizing advanced GIS tools to analyze urban data, leading to informed decision-making and resource allocation.

WORK EXPERIENCE

GIS PROJECT COORDINATOR
City Smart Solutions
2020 - 2025

- Coordinated GIS projects aimed at enhancing urban infrastructure.
- Developed project plans and timelines to ensure successful execution.
- Worked closely with urban planners to integrate GIS into development proposals.
- Facilitated training for city staff on GIS tools and methodologies.
- Conducted spatial analyses to support city planning decisions.
- Monitored project progress and reported outcomes to stakeholders.

GIS ANALYST
Regional Development Agency
2015 - 2020

- Performed geospatial analysis to assist in urban redevelopment projects.
- Utilized GIS software for mapping and data visualization tasks.
- Collaborated with engineers to assess potential impacts of proposed developments.
- Maintained GIS databases and ensured data accuracy.
- Produced reports that informed regional planning efforts.
- Engaged with community members to gather input on development projects.
