SKILLS

- Cloud Security
- AWS
- Azure
- Vulnerability Assessment
- Incident Response
- Automation Tools

EDUCATION

BACHELOR OF SCIENCE IN CLOUD COMPUTING, UNIVERSITY OF TECHNOLOGY, 2018

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Contributed to a 30% improvement in cloud security posture within one year.
- Recognized for implementing a successful security training program.
- Achieved a reduction in security incidents in cloud environments by 25%.

Michael Anderson

CLOUD SECURITY SOC ANALYST

Innovative SOC Analyst with a focus on cloud security and virtualization technologies, possessing 5 years of experience in protecting cloud-based infrastructures. Expertise in implementing security measures for AWS and Azure environments, ensuring compliance with industry standards. Strong analytical skills with a proven track record of identifying vulnerabilities and mitigating potential threats.

EXPERIENCE

CLOUD SECURITY SOC ANALYST

CloudSecure LLC

2016 - Present

- Monitored cloud infrastructure for security incidents and vulnerabilities.
- Implemented security measures in AWS and Azure environments.
- Conducted regular assessments to ensure compliance with industry standards.
- Utilized automation tools to streamline incident response processes.
- Collaborated with development teams to integrate security into CI/CD pipelines.
- Provided training on cloud security best practices to team members.

SECURITY ANALYST

VirtualTech Innovations

2014 - 2016

- Assisted in monitoring security for virtualized environments.
- Participated in incident response investigations for cloud breaches.
- Supported the development of security policies for cloud applications.
- Engaged in vulnerability assessments of cloud services.
- Contributed to security awareness initiatives regarding cloud risks.
- Maintained documentation of security incidents and responses.
