MICHAEL ANDERSON

HEALTH PROGRAM EVALUATOR

With a decade of experience as a Social Evaluation Specialist in the healthcare sector, I have honed my skills in program evaluation and health outcomes analysis. My primary focus has been on assessing public health initiatives designed to improve community health access and equity. I leverage both qualitative and quantitative research methods to evaluate program effectiveness and identify areas for improvement.

PROFESSIONAL EXPERIENCE

Community Health Alliance

Mar 2018 - Present

Health Program Evaluator

- Conducted evaluations of community health programs targeting chronic disease prevention.
- Developed measurement tools to assess program impact on community health outcomes.
- Collaborated with healthcare professionals to refine evaluation processes.
- Presented findings to community stakeholders, driving program enhancements.
- Utilized statistical software to analyze health-related data for program assessments.
- Trained team members on data collection and evaluation methodologies.

Health Equity Solutions

Dec 2015 - Jan 2018

Program Evaluation Consultant

- Evaluated the effectiveness of health programs aimed at reducing disparities in healthcare access.
- Engaged with community leaders to gather qualitative data for evaluation reports.
- Developed comprehensive evaluation plans in collaboration with program directors.
- Authored reports with actionable recommendations for program improvements.
- Facilitated training sessions on evaluation best practices for healthcare staff.
- Monitored program implementation to ensure fidelity to evaluation designs.

ACHIEVEMENTS

- Led an evaluation project that resulted in a 30% increase in program funding.
- Recognized for outstanding contributions to a state health initiative by local government.
- Published research findings in a leading public health journal.
