### SKILLS

- Participatory Research
- Socio-Economic Analysis
- GIS
- Community Engagement
- Project Management
- Cross-Cultural Communication

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**MASTER OF INTERNATIONAL  
DEVELOPMENT, UNIVERSITY OF  
GLOBAL STUDIES, 2014**

### ACHIEVEMENTS

- Led a project that improved access to clean water for over 1,000 households in rural areas.
- Received the Excellence in Development Award from the International Development Association in 2020.
- Published research on climate adaptation strategies in a peer-reviewed journal in 2019.

As a dedicated social geographer with 6 years of experience in international development, I have worked extensively on projects that address the socio-economic challenges faced by communities in developing countries. My background in anthropology and geography allows me to understand the cultural contexts that shape social patterns. I have a proven track record in conducting participatory research that empowers local communities to articulate their needs and priorities.

### WORK EXPERIENCE

#### SOCIAL DEVELOPMENT CONSULTANT

Global Development Partners

2020 - 2025

- Conducted community assessments to identify socio-economic challenges and opportunities.
- Facilitated workshops that empowered community members to define their development goals.
- Collaborated with local NGOs to design projects addressing pressing social issues.
- Utilized GIS to map resource distribution and access within communities.
- Monitored project implementation, ensuring alignment with community needs.
- Presented findings to stakeholders, advocating for community-led solutions.

#### FIELD RESEARCHER

International Aid Organization

2015 - 2020

- Conducted field research on the impact of climate change on rural communities.
- Utilized participatory mapping techniques to engage local populations in data collection.
- Analyzed socio-economic data to inform policy recommendations for local governments.
- Collaborated with multidisciplinary teams to develop integrated development strategies.
- Presented research findings to international conferences, promoting awareness of local challenges.
- Authored reports that influenced funding decisions for community projects.
