# MICHAEL ANDERSON

## PUBLIC HEALTH RESEARCH ANALYST

Innovative Social Research Analyst with a focus on health disparities and access to care. Extensive experience in employing mixed-methods research designs to evaluate public health programs and policies. Strong analytical skills complemented by a robust understanding of epidemiological methods and statistical analysis. Demonstrated ability to engage with diverse populations, ensuring that research is culturally competent and relevant.

## **PROFESSIONAL EXPERIENCE**

### **Centers for Disease Control and Prevention**

*Mar 2018 - Present*

Public Health Research Analyst

- Conducted quantitative analyses of health survey data using SAS.
- Developed research protocols for evaluating health intervention programs.
- Collaborated with public health officials to align research with community needs.
- Presented findings at national conferences, influencing health policy decisions.
- Authored articles in peer-reviewed journals on health equity.
- Led workshops to share best practices in health data analysis.

### **Public Health Institute**

*Dec 2015 - Jan 2018*

Research Associate

- Assisted in the evaluation of public health campaigns targeting minority populations.
- Utilized qualitative methods to assess community perceptions of health services.
- Analyzed program data to identify barriers to healthcare access.
- Contributed to the development of policy briefs for stakeholders.
- Facilitated focus groups to gather community feedback on health initiatives.
- Supported grant writing efforts that secured funding for health research projects.

## **ACHIEVEMENTS**

- Secured a \$250,000 grant for a research project on health disparities.
- Published influential research on healthcare access in marginalized communities.
- Awarded the CDC Director's Award for exemplary public health research contributions.
