EDUCATION

MASTER OF PUBLIC HEALTH, JOHNS HOPKINS UNIVERSITY

ACHIEVEMENTS

- Recognized as 'Emerging Researcher' by the Public Health Association in 2019.
- Successfully led a project that reduced health disparities in a targeted community by 15%.
- Contributed to a national health report that influenced federal health policy changes.

PROFILE

Results-driven Social Research Scientist with a strong background in public health research and over 6 years of experience in evaluating community health initiatives. Expert in employing both qualitative and quantitative methodologies to assess health outcomes and access disparities. Proven ability to synthesize complex data into clear, actionable insights for stakeholders, including government agencies and non-profit organizations.

EXPERIENCE

SOCIAL RESEARCH SCIENTIST

Centers for Disease Control and Prevention

2016 - Present

- Conducted research on the effectiveness of community health interventions targeting chronic diseases.
- Developed data collection protocols that increased participant retention rates by 25%.
- Utilized NVivo software for qualitative data analysis, uncovering critical insights into community health behaviors.
- Presented findings at state health conferences, influencing local health policy.
- Collaborated with community stakeholders to ensure research relevance and applicability.
- Authored grant proposals that resulted in \$500,000 funding for health initiatives.

RESEARCH ASSOCIATE

Johns Hopkins University

2014 - 2016

- Assisted in a large-scale study on the impact of socioeconomic factors on health outcomes in underserved populations.
- Conducted statistical analysis using STATA, identifying key trends and disparities.
- Facilitated focus groups to gather qualitative insights from community members.
- Contributed to the publication of three articles in peer-reviewed journals.
- Developed educational materials based on research findings for community organizations.
- Participated in outreach activities to disseminate research results to local stakeholders.
