Michael Anderson

LABOR MARKET RESEARCHER

Innovative Social Science Researcher with a focus on labor economics and workforce development, bringing over 4 years of experience in analyzing employment trends and policies. My research has centered on understanding the dynamics of labor markets and the impact of economic policies on job creation and workforce skills.

EXPERIENCE

LABOR MARKET RESEARCHER

Economic Development Agency

2016 - Present

- Analyzed employment data to identify trends in job creation across sectors.
- Conducted interviews with industry leaders to understand workforce needs.
- Utilized econometric models to forecast labor market developments.
- Developed reports that informed state-level workforce policies and initiatives.
- Presented research findings to policymakers and industry stakeholders.
- Collaborated with educational institutions to align training programs with market demand.

RESEARCH INTERN

Labor Studies Institute

2014 - 2016

- Assisted in data collection and analysis for a study on minimum wage impacts.
- Conducted literature reviews to support ongoing research projects.
- Prepared presentations that summarized research findings for internal stakeholders.
- Supported the development of surveys to assess employee satisfaction.
- Organized workshops to discuss labor policy issues with community members.
- Collaborated with team members to publish findings in industry journals.
