

MICHAEL ANDERSON

SENIOR EDUCATIONAL POLICY ANALYST

PROFILE

Results-driven Social Sciences Analyst with a focus on educational policy and reform. Over 8 years of experience analyzing data and trends to improve educational outcomes for diverse populations. Skilled in conducting rigorous evaluations of educational programs and policies, utilizing both qualitative and quantitative methods. Strong advocate for evidence-based practices in education, with a proven ability to communicate findings to a variety of audiences, including educators, policymakers, and community stakeholders.

EXPERIENCE

SENIOR EDUCATIONAL POLICY ANALYST

National Education Association

2016 - Present

- Led comprehensive evaluations of educational policies impacting K-12 student achievement.
- Developed data-driven reports that informed legislative advocacy efforts.
- Collaborated with school districts to implement evidence-based instructional strategies.
- Conducted workshops for educators on data utilization in classroom settings.
- Engaged with community stakeholders to gather input on educational reforms.
- Utilized advanced statistical methods to assess program effectiveness and inform practice.

POLICY RESEARCHER

Education Policy Institute

2014 - 2016

- Conducted research projects exploring the impact of funding on educational equity.
- Analyzed large datasets to identify trends in student performance across demographics.
- Prepared policy briefs for distribution to government officials and school leaders.
- Presented research findings at national education conferences.
- Collaborated with interdisciplinary teams to assess program outcomes.
- Designed surveys to collect data from educators and students regarding educational experiences.
