WORK EXPERIENCE

Health Policy Analyst

2020-2023

Public Health Department

- Conducted analyses of health data to identify trends and inform policy decisions.
- Collaborated with healthcare providers to assess the effectiveness of public health interventions.
- Prepared reports and policy briefs for state legislators and community leaders.
- Facilitated community engagement initiatives to gather input on health policies.
- Utilized statistical software to analyze program outcomes and impact.
- Presented findings at public health conferences to inform stakeholders about health trends.

Research Assistant

2019-2020

Health Research Institute

- Supported research projects focused on health disparities in underserved populations.
- Collected and analyzed data to evaluate health programs and policies.
- Assisted in the development of research proposals for funding opportunities.
- Prepared presentations summarizing research findings for internal and external stakeholders.
- Collaborated with teams to design and implement health surveys.
- Maintained databases to ensure accurate tracking of research outcomes.

ACHIEVEMENTS

- Contributed to a public health initiative that improved vaccination rates by 20% in targeted communities.
- Received the 'Outstanding Achievement' award from the Public Health Association in 2022.
- Increased stakeholder engagement in health policy discussions by 40% through outreach initiatives.
