SKILLS

- Telecommunications
- Network Management
- Cloud Computing
- Software Integration
- Team Collaboration
- Problem Solving

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER ENGINEERING, ENGINEERING COLLEGE

ACHIEVEMENTS

- Achieved a 99% customer satisfaction rate on software solutions delivered.
- Recognized as 'Employee of the Month' for outstanding contributions to project success.
- Increased system efficiency by implementing automated processes.

WORK EXPERIENCE

SOFTWARE ARCHITECT
Telecom Solutions Group

2020 - 2025

- Engineered a network management application that reduced downtime by 40%.
- Collaborated with network engineers to design scalable software solutions for telecommunications infrastructure.
- Utilized cloud technologies to enhance service delivery and reduce operational costs.
- Led a team to migrate legacy systems to modern architectures, improving performance.
- Conducted extensive testing and optimization to ensure system reliability.
- Developed comprehensive documentation for software architecture and design decisions.

SOFTWARE ENGINEER
ConnectNow Technologies

2015 - 2020

- Developed software for VoIP systems that improved call quality by 25%.
- Implemented network monitoring tools to identify and resolve issues proactively.
- Collaborated with product managers to define software requirements and specifications.
- Participated in code reviews, enhancing overall software quality.
- Trained junior developers on best practices in software development.
- Provided technical support for customer inquiries, enhancing client satisfaction by 30%.
