# MICHAEL ANDERSON

## SOFTWARE DEVELOPMENT INSTRUCTOR

Enthusiastic Software Development Educator with a passion for cultivating the next generation of software engineers. With 5 years of direct teaching experience, I have developed a unique approach that blends traditional education with real-world software development practices. My background in computer science and years of experience in the tech industry enable me to deliver practical knowledge and skills that students can apply immediately.

## PROFESSIONAL EXPERIENCE

### **Future Tech Academy**

*Mar 2018 - Present*

Software Development Instructor

- Created interactive lesson plans focusing on Python and web development.
- Utilized tools such as Jupyter Notebooks for hands-on coding exercises.
- Encouraged student collaboration through pair programming activities.
- Organized hackathons to foster teamwork and innovation among students.
- Developed a mentorship program connecting students with industry professionals.
- Implemented formative assessments to guide student learning and improvement.

### **Creative Solutions**

*Dec 2015 - Jan 2018*

Junior Software Developer

- Assisted in the development of mobile applications using Flutter and Dart.
- Collaborated with UX/UI designers to create user-friendly interfaces.
- Conducted user testing to gather feedback and iterate on app features.
- Maintained application performance and resolved bugs in a timely manner.
- Participated in Agile sprints, contributing to project planning and execution.
- Documented software features and user guides for end-users.

## ACHIEVEMENTS

- Increased student project completion rates by 30% through enhanced support.
- Recognized for creating a successful mentorship program in 2022.
- Published a series of articles on effective teaching strategies in software development.
