

# MICHAEL ANDERSON

Game Development Instructor

- San Francisco, CA
- (555) 234-5678
- michael.anderson@email.com

Creative Software Development Educator with a focus on game development and interactive technologies. With 4 years of experience teaching students the principles of game design and programming, I aim to inspire creativity and innovation in software development. My strong background in computer science and passion for gaming allows me to create engaging and relevant coursework that prepares students for careers in the gaming industry.

## WORK EXPERIENCE

### Game Development Instructor | Game Design Academy

Jan 2022 – Present

- Designed and delivered courses on game programming using Unity and C#.
- Facilitated student projects that resulted in the creation of 10+ indie games.
- Incorporated principles of design thinking into the curriculum to enhance creativity.
- Organized game jams to encourage collaboration and rapid prototyping.
- Provided mentorship to students, guiding them through the game development process.
- Evaluated student projects based on creativity, technical execution, and gameplay.

### Junior Game Developer | Epic Games

Jul 2019 – Dec 2021

- Contributed to the development of high-profile games, including feature updates and bug fixes.
- Worked with cross-functional teams to ensure high-quality game design and performance.
- Engaged in code reviews and provided constructive feedback to peers.
- Participated in user testing sessions to gather feedback on gameplay mechanics.
- Maintained documentation on game design processes and technical specifications.
- Presented project updates to stakeholders and received positive feedback on contributions.
