MICHAEL ANDERSON

FRONT-END DEVELOPER

Enthusiastic Software Development Engineer with 4 years of experience in developing user-friendly applications. Strong background in front-end development, focusing on creating engaging interfaces that enhance user experience. Skilled in collaborating with designers and product teams to deliver high-quality software solutions. Committed to learning new technologies and applying them to improve existing systems.

PROFESSIONAL EXPERIENCE

Creative Web Solutions

Mar 2018 - Present

Front-End Developer

- Designed and implemented user interfaces using React, achieving a 30% increase in user engagement.
- Collaborated with UX designers to develop prototypes, streamlining the development process.
- Optimized web applications for performance and scalability, reducing load times by 40%.
- Worked with REST APIs to fetch data dynamically, enhancing application interactivity.
- Conducted usability testing to gather feedback and improve design, leading to a 15% increase in user satisfaction.
- Maintained and updated existing codebases to enhance functionality and fix bugs.

Tech Startup Hub

Dec 2015 - Jan 2018

Software Engineer Intern

- Assisted in the development of web applications, gaining hands-on experience in HTML, CSS, and JavaScript.
- Participated in daily stand-ups and contributed to Agile workflows, enhancing team collaboration.
- Collaborated in debugging sessions, improving code quality and performance.
- Developed documentation for code and processes, aiding in knowledge transfer and onboarding.
- Tested and deployed new features, ensuring adherence to project timelines.
- Engaged in peer programming, fostering a collaborative learning environment.

ACHIEVEMENTS

- Awarded 'Best Intern' for exceptional contributions during internship.
- Successfully led a project that improved user satisfaction ratings by 20%.
- Contributed to open-source projects, increasing personal coding portfolio and community engagement.
