### EDUCATION

#### Bachelor of Science in Telecommunications Engineering

University of Technology  
2014

### SKILLS

- Selenium
- Python
- JIRA
- Agile
- Load Testing
- Telecommunications

### LANGUAGES

- English
- Spanish
- French

### WORK EXPERIENCE

#### Senior Test Automation Developer

2020-2023

Telecom Solutions Group

- Designed and implemented an automation framework for testing telecom applications using Selenium and Python.
- Conducted performance and load testing to validate network capacity and reliability.
- Collaborated with system architects to ensure testability of software components.
- Mentored junior testers on automation best practices and tools.
- Improved overall test coverage by 50% through targeted automation efforts.
- Documented testing processes and results for compliance and audit purposes.

#### Quality Assurance Engineer

2019-2020

NetCom Technologies

- Performed manual and automated testing on telecommunications applications.
- Developed test cases and automated scripts to ensure software reliability.
- Worked with development teams to troubleshoot and resolve defects.
- Participated in Agile development processes, providing input for continuous improvements.
- Utilized JIRA for defect tracking and management.
- Engaged in release planning to ensure quality deliverables.

### ACHIEVEMENTS

- Enhanced test automation framework leading to a 60% reduction in testing time.
- Achieved recognition for outstanding performance in quality assurance.
- Contributed to the successful implementation of major telecom software upgrades.
