MICHAEL ANDERSON

ORGANIC FARMING CONSULTANT

Experienced Soil and Crop Specialist with a focus on organic farming and regenerative agriculture practices. Over 12 years of experience supporting farmers in transitioning to organic methods and enhancing soil health through natural amendments and cover cropping. Skilled in conducting soil tests, analyzing results, and making data-driven recommendations that improve crop performance and sustainability.

PROFESSIONAL EXPERIENCE

Sustainable AgriSolutions

Mar 2018 - Present

Organic Farming Consultant

- Advised farmers on transitioning to organic farming practices.
- Conducted soil health assessments for organic certification.
- Developed nutrient management plans utilizing organic fertilizers.
- Coordinated workshops on organic farming techniques.
- Engaged with community groups to promote sustainable agriculture.
- Assisted farmers in obtaining organic certification from regulatory bodies.

Green Earth Initiative

Dec 2015 - Jan 2018

Soil Health Educator

- Educated farmers on soil conservation and regenerative practices.
- Conducted soil workshops and field days to demonstrate techniques.
- Collaborated with local organizations to promote organic agriculture.
- Developed educational resources for farmers and the community.
- Monitored soil health improvements in participant fields.
- Advocated for policies supporting organic farming initiatives.

ACHIEVEMENTS

- Successfully helped 20 farms achieve organic certification.
- Increased soil organic matter levels by 30% on client farms.
- Received recognition for contributions to sustainable agriculture education.
