WORK EXPERIENCE

Senior Soil and Water Trainer

2020-2023

Agro-Ecology Institute

- Developed and executed training programs focused on integrated soil and water management.
- Utilized participatory learning methods to enhance knowledge retention among farmers.
- Conducted field assessments to tailor training content to local conditions.
- Collaborated with local governments to promote sustainable agricultural policies.
- Evaluated the effectiveness of training programs through comprehensive feedback mechanisms.
- Presented research findings to stakeholders to drive program improvements.

Soil Conservation Educator

2019-2020

Rural Development Agency

- Conducted workshops on soil health and sustainable farming practices.
- Developed educational materials that increased understanding of soil conservation.
- Engaged with community members to promote awareness of environmental challenges.
- Monitored the impact of training programs on local agricultural practices.
- Collaborated with universities to incorporate research findings into training.
- Managed project timelines and deliverables to ensure program success.

ACHIEVEMENTS

- Achieved a 50% increase in sustainable practices adoption among participants.
- Recipient of the 'Excellence in Education Award' from the Agro-Ecology Society in 2022.
- Successfully secured funding for innovative training initiatives impacting over 300 farmers.
