SKILLS

- Soil Mapping Technologies
- Data Analysis
- Community Engagement
- Sustainable Practices
- Agricultural Education
- Field Research

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF SCIENCE IN AGRONOMY,
TEXAS A&M UNIVERSITY, 2017**

ACHIEVEMENTS

- Improved soil health on over 75 farms through targeted recommendations.
- Recipient of the 'Soil Conservation Champion' award from the local agricultural board.
- Developed educational materials that reached over 500 farmers in the community.

WORK EXPERIENCE

SOIL MAPPING TECHNICIAN

Harvest Innovations

2020 - 2025

- Assisted in conducting soil health assessments using advanced mapping tools.
- Collected soil samples and analyzed data to support agricultural research.
- Collaborated with agronomists to develop effective soil management practices.
- Participated in workshops to educate farmers on soil fertility and health.
- Maintained detailed records of soil data and mapping results for analysis.
- Supported the implementation of precision agriculture technologies on-site.

FIELD SOIL SCIENTIST

Agri-Soil Solutions

2015 - 2020

- Conducted field surveys to assess soil conditions and recommend management practices.
- Utilized soil mapping software to produce detailed reports for clients.
- Engaged in community outreach programs to promote soil conservation.
- Analyzed soil properties to support the development of sustainable farming methods.
- Collaborated with agricultural extension services to enhance farmer education.
- Presented findings at local agricultural fairs to raise awareness of soil health.
