### EDUCATION

**BACHELOR OF SCIENCE IN  
ENVIRONMENTAL ENGINEERING,  
UNIVERSITY OF MICHIGAN**

### ACHIEVEMENTS

- Successfully completed a project that increased energy production by 30%.
- Recognized for exceptional client feedback and satisfaction in 2022.
- Contributed to a project that received a local sustainability award.

### WORK EXPERIENCE

#### PROJECT SOLAR ENGINEER

Solar Dynamics

2020 - 2025

- Managed multiple solar installation projects from initial design through to final execution.
- Developed project timelines and coordinated with suppliers and contractors.
- Utilized software tools for performance analysis and system optimization.
- Conducted training sessions for clients on system operation and maintenance.
- Performed quality assurance checks to ensure adherence to safety standards.
- Monitored project budgets and timelines to prevent overruns.

#### ASSISTANT SOLAR ENGINEER

EcoPower Solutions

2015 - 2020

- Supported senior engineers in the development of solar project proposals.
- Assisted in the preparation of technical documentation for project submissions.
- Conducted site visits to gather data for project feasibility assessments.
- Engaged in client meetings to clarify project requirements and expectations.
- Collaborated with cross-functional teams to streamline project workflows.
- Maintained project records and documentation for compliance purposes.
