Dedicated Solar Energy Manager with a focus on operations management and supply chain optimization within the renewable energy sector. Expertise in streamlining processes to enhance efficiency and reduce costs associated with solar project implementation. Proven track record in coordinating cross-functional teams to ensure timely project delivery while maintaining quality standards. Strong analytical skills facilitate continuous improvement initiatives and operational excellence.

## WORK EXPERIENCE

### Operations Manager | Solar Solutions Corp.

Jan 2022 – Present

- Oversaw daily operations for solar project implementation, ensuring adherence to timelines.
- Streamlined supply chain processes to enhance material procurement efficiency.
- Implemented quality control measures to maintain project standards.
- Coordinated with contractors and suppliers to align project schedules.
- Analyzed operational data to identify areas for improvement.
- Facilitated training programs focused on operational excellence.

### Supply Chain Analyst | Renewable Resources Inc.

Jul 2019 – Dec 2021

- Analyzed supply chain metrics to optimize procurement strategies for solar materials.
- Developed supplier relationships to ensure reliable material sourcing.
- Conducted cost-benefit analyses to evaluate supplier performance.
- Collaborated with project managers to align procurement with project timelines.
- Implemented inventory management systems to reduce excess stock.
- Reported on supply chain performance metrics to senior management.
