### EDUCATION

#### Bachelor of Technology in Renewable Energy

University of Eco Technologies  
2016-2020

### SKILLS

- Technical installation
- System optimization
- Client engagement
- Team collaboration
- Safety protocols
- Training and development

### LANGUAGES

- English
- Spanish
- French

### WORK EXPERIENCE

#### Senior Solar Installer

2020-2023

Green Energy Solutions

- Managed and executed the installation of solar water heater systems in residential and commercial settings.
- Performed detailed diagnostics to identify and rectify system issues.
- Worked closely with engineering teams to optimize system designs.
- Maintained safety standards during installation and maintenance activities.
- Developed training materials for new technicians.
- Facilitated client workshops on solar technology benefits.

#### Solar Technician

2019-2020

Solar Works

- Installed and maintained solar water heating systems across diverse customer sites.
- Conducted client consultations to assess energy needs and provide recommendations.
- Documented installation processes and maintained service records.
- Trained junior technicians on installation best practices.
- Participated in local renewable energy events to advocate solar technology.
- Developed strong client relationships to enhance service delivery.

### ACHIEVEMENTS

- Achieved a 30% increase in installation efficiency through process improvements.
- Successfully completed over 150 installations with a high rate of client satisfaction.
- Recognized for contributions to community solar initiatives.
