### PROFILE

Results-driven Solutions Architect with a decade of experience leading technology initiatives in the healthcare sector. I specialize in integrating complex systems and developing innovative solutions that enhance patient care and operational efficiency. My technical expertise is complemented by a deep understanding of healthcare regulations and compliance requirements, allowing me to design systems that not only meet business needs but also adhere to industry standards.

### EXPERIENCE

#### LEAD SOLUTIONS ARCHITECT

##### HealthTech Solutions

2016 - Present

- Designed a patient management system that reduced patient wait times by 25%.
- Oversaw the integration of EHR systems with third-party applications to enhance data sharing.
- Ensured compliance with HIPAA regulations during system design and implementation.
- Collaborated with clinicians to gather requirements and validate solutions.
- Implemented data analytics tools that improved decision-making processes within the organization.
- Presented technical solutions to C-level executives, securing funding for new initiatives.

#### SOLUTIONS ARCHITECT

##### MediCorp Technologies
