

MICHAEL ANDERSON

LEAD SOUND SUPERVISOR

PROFILE

Accomplished Sound Supervisor specializing in live event audio management with over 12 years of experience in the entertainment industry. Expertise in coordinating large-scale sound operations for concerts, festivals, and corporate events, ensuring seamless audio experiences for diverse audiences. Proven track record of successfully managing multiple sound projects concurrently while adhering to stringent timelines and budgetary constraints.

EXPERIENCE

LEAD SOUND SUPERVISOR

Global Events Audio

2016 - Present

- Oversaw sound operations for high-profile music festivals, coordinating with artists and technical teams for optimal audio setup.
- Designed and implemented sound systems tailored to outdoor venues, enhancing audience experiences.
- Managed live audio mixing for performances, ensuring clarity and balance for diverse musical genres.
- Trained and mentored junior sound technicians, fostering a skilled and efficient team.
- Conducted post-event evaluations to identify areas for improvement in sound production.
- Collaborated with marketing teams to promote events, enhancing audience engagement through superior sound quality.

SOUND ENGINEER

Vibrant Audio Productions

2014 - 2016

- Engineered sound for a variety of live events, including corporate gatherings and private functions, ensuring high-quality audio output.
- Utilized advanced sound equipment and software to achieve superior audio fidelity.
- Collaborated with event planners to understand sound requirements and deliver tailored audio solutions.
- Performed sound checks and adjustments during events, ensuring flawless audio delivery.
- Documented sound setups and configurations for future reference and continuous improvement.
- Engaged with clients post-event to gather feedback and enhance future service offerings.
