EDUCATION

Bachelor of Science in Mathematics

University of Texas at Austin
2016-2020

SKILLS

- Data Analysis
- Mission Support
- Data Visualization
- Team Collaboration
- Operational Analysis
- Risk Assessment

LANGUAGES

- English
- Spanish
- French

Ambitious Space Data Analyst with significant expertise in space mission support and operational analysis. Focused on utilizing data analytics to enhance mission readiness and performance across various space exploration initiatives. Excellent track record of working collaboratively with interdisciplinary teams to analyze mission data and provide actionable insights. Skilled in employing data visualization techniques to present complex findings to diverse audiences.

💼 WORK EXPERIENCE

Mission Data Analyst   2020-2023

SpaceX

- Analyzed mission data to support launch operations and post-mission evaluations.
- Developed dashboards to visualize mission performance metrics for stakeholders.
- Collaborated with engineers to enhance data collection methods for accuracy.
- Presented findings to management, influencing operational strategies.
- Participated in risk assessment initiatives to improve mission outcomes.
- Maintained comprehensive documentation of analytical processes.

Junior Data Analyst   2019-2020

Blue Origin

- Supported data analysis for suborbital flight missions.
- Assisted in developing visualizations to communicate mission insights.
- Conducted preliminary analyses of flight data for operational assessments.
- Maintained databases to ensure data integrity and accessibility.
- Collaborated with cross-functional teams to support mission objectives.
- Participated in training sessions to enhance data analysis skills.

★ ACHIEVEMENTS

- Contributed to a 20% improvement in mission efficiency through data analysis.
- Recognized for excellence in performance during the first year at SpaceX.
- Developed a reporting framework that streamlined data communication across teams.
