SKILLS

- data analysis
- technology assessment
- economic forecasting
- report writing
- stakeholder communication
- strategic planning

LANGUAGES

- English
- Spanish
- French

EDUCATION

B.A. IN ECONOMICS, HARVARD UNIVERSITY

ACHIEVEMENTS

- Contributed to a report that identified $1 billion in investment opportunities.
- Recognized for exceptional analytical contributions during internship.
- Published a paper on technology trends in the space economy.

WORK EXPERIENCE

TECHNOLOGY ANALYST
Aerospace Innovation Lab
2020 - 2025

- Analyzed the economic impact of new technologies on the space industry.
- Developed reports outlining investment opportunities in emerging space technologies.
- Collaborated with technology developers to assess market readiness.
- Conducted workshops to educate stakeholders on technological advancements.
- Utilized data analytics tools to forecast market trends within the aerospace sector.
- Presented findings to senior management, influencing strategic direction.

ECONOMIC RESEARCH INTERN
Space Ventures
2015 - 2020

- Assisted in the analysis of market data related to space startups.
- Conducted competitive analysis of emerging space technologies.
- Supported the preparation of economic reports for internal stakeholders.
- Engaged with industry experts to gather insights on technological trends.
- Utilized statistical software to interpret economic data.
- Contributed to presentations that informed investment strategies.
