As a dynamic Space Outreach Specialist with over 4 years of experience in the field, I have successfully engaged audiences through creative and interactive outreach programs. My career commenced in a local science center, where I developed interactive exhibits that captivated children and families, leading to a 35% increase in visitor engagement.

WORK EXPERIENCE

Outreach Specialist | Local Science Center

Jan 2022 – Present

- Designed and implemented interactive exhibits that increased family engagement by 35%.
- Organized hands-on workshops that introduced children to basic space concepts.
- Developed educational materials that were utilized in outreach programs across the region.
- Collaborated with local schools to enhance science education with space topics.
- Managed social media channels to promote events and engage the community.
- Conducted evaluations to assess the impact of outreach programs, achieving a 90% satisfaction rating.

STEM Program Coordinator | National STEM Education Organization

Jul 2019 – Dec 2021

- Spearheaded initiatives to promote space science education in underserved communities.
- Developed partnerships with local organizations to expand program reach.
- Organized community events that attracted over 1,500 participants.
- Created engaging content for social media that increased program visibility.
- Facilitated workshops for educators on teaching space science effectively.
- Evaluated program success through participant feedback, ensuring continuous improvement.
