## SKILLS

- Environmental Policy
- Sustainability Assessment
- Stakeholder Engagement
- Research and Analysis
- Advocacy
- Program Development

## EDUCATION

**MASTER OF ENVIRONMENTAL POLICY, STANFORD UNIVERSITY; BACHELOR OF SCIENCE IN ENVIRONMENTAL SCIENCE, UNIVERSITY OF CALIFORNIA, DAVIS**

## LANGUAGE

- English
- Spanish
- German

## ACHIEVEMENTS

- Played a pivotal role in drafting sustainability guidelines adopted by major space organizations.
- Recognized with the Environmental Excellence Award for contributions to space sustainability.
- Published influential research on the ecological impacts of satellite technology.

# Michael Anderson

## SUSTAINABILITY POLICY ADVISOR

Visionary Space Policy Analyst with a focus on environmental sustainability and the impacts of space activities on terrestrial ecosystems. Expertise in crafting policies that balance space exploration with ecological preservation, ensuring that the future of space endeavors is aligned with environmental stewardship. Demonstrated ability to engage diverse stakeholders in collaborative initiatives aimed at mitigating the environmental footprint of space operations.

## EXPERIENCE

### SUSTAINABILITY POLICY ADVISOR

Space Sustainability Coalition

2016 - Present

- Developed policies promoting environmentally responsible space launches and operations.
- Conducted assessments of ecological impacts associated with satellite deployments.
- Facilitated stakeholder workshops to promote sustainable practices in the aerospace sector.
- Collaborated with scientists to integrate environmental data into space mission planning.
- Authored guidelines for minimizing space debris and its effects on Earth.
- Engaged in advocacy efforts to influence sustainable legislation at national levels.

### ENVIRONMENTAL POLICY ANALYST

National Oceanic and Atmospheric Administration

2014 - 2016

- Researched the environmental impacts of rocket launches on marine ecosystems.
- Assisted in developing policies for mitigating the ecological effects of space activities.
- Collaborated with environmental NGOs to promote awareness of space sustainability.
- Prepared reports on ecological assessments for government agencies.
- Participated in cross-agency initiatives to align space and environmental policies.
- Presented findings at conferences focused on environmental impacts of aerospace activities.
