- Public Outreach
- Curriculum Design
- Event Coordination
- STEM Education
- Communication

EDUCATION

MASTER OF ARTS IN EDUCATION, GEORGE WASHINGTON UNIVERSITY

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Received the Smithsonian Education Award for excellence in program design.
- Increased outreach program participation by 50% over three years.
- Developed a nationally recognized curriculum adopted by schools across the country.

Michael Anderson

OUTREACH COORDINATOR

Results-driven Space Sciences Program Coordinator with over 11 years of experience in education and public outreach related to space science. I specialize in developing educational programs that inspire and engage students and the public in the field of astronomy and space exploration. My work has included coordinating events, workshops, and lectures that connect audiences with the wonders of the universe.

EXPERIENCE

OUTREACH COORDINATOR

Smithsonian National Air and Space Museum

2016 - Present

- Developed and implemented educational programs that reached over 50,000 students annually.
- Coordinated special events and exhibitions that increased museum attendance by 30%.
- Collaborated with educators to create engaging curriculum materials for schools.
- Trained volunteers to assist with public programs, enhancing visitor experience.
- Oversaw the creation of online educational resources, expanding access to astronomy education.
- Conducted surveys to assess program impact and improve offerings.

PROGRAM DEVELOPER

NASA Education Office

2014 - 2016

- Created educational resources for teachers, focusing on space science and technology.
- Organized workshops that engaged over 1,000 educators in hands-on learning.
- Collaborated with scientists to develop curriculum aligned with NASA missions.
- Evaluated the effectiveness of educational programs through participant feedback.
- Promoted STEM initiatives that increased student participation in space science.
- Facilitated partnerships with schools to enhance program reach and impact.
