EXPERTISE SKILLS

- Systems Engineering
- Quality Assurance
- FMEA
- Project Management
- Technical Documentation
- Team Collaboration

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Bachelor of Science in Aerospace Engineering, Georgia Institute of Technology

MICHAEL ANDERSON

SYSTEMS QUALITY ENGINEER

Results-driven Space Sciences Quality Specialist with a strong background in systems engineering and project management. Over 6 years of experience in quality assurance for space exploration projects, focusing on ensuring that all components meet strict safety and performance standards. Demonstrated expertise in developing and implementing quality control procedures that enhance product integrity while reducing costs.

PROFESSIONAL EXPERIENCE

Cosmos Engineering Group

Mar 2018 - Present

Systems Quality Engineer

- Conducted quality assessments for spacecraft systems, ensuring compliance with specifications.
- Developed testing protocols and quality assurance documentation for engineering projects.
- Collaborated with project managers to integrate quality processes into project plans.
- Utilized failure mode and effects analysis (FMEA) to identify potential risks in designs.
- Facilitated training workshops on quality assurance practices for engineering teams.
- Contributed to a project that resulted in a 15% reduction in system failures during testing phases.

Stellar Dynamics Inc.

Dec 2015 - Jan 2018

Quality Assurance Coordinator

- Monitored quality assurance processes during the manufacturing of space components.
- Assisted in the development of quality metrics and reporting systems.
- Collaborated with suppliers to ensure compliance with quality standards.
- Participated in design reviews to ensure manufacturability and quality.
- Tracked and reported quality performance metrics to management.
- Improved supplier quality ratings through effective communication and feedback.

ACHIEVEMENTS

- Successfully implemented a quality audit program that increased compliance by 30%.
- Awarded 'Employee of the Month' for outstanding performance in quality assurance.
- Led a cross-functional team to identify and resolve quality issues, achieving a 20% decrease in rework.
