### PROFILE

With over 7 years of experience as a Special Education Curriculum Specialist, I have dedicated my career to enhancing educational outcomes for students with disabilities. My approach focuses on developing innovative curriculum solutions that cater to the unique learning needs of each student.

### EXPERIENCE

#### SPECIAL EDUCATION COORDINATOR

##### Maplewood School District

*2016 - Present*

- Coordinated the development and implementation of IEPs for over 50 students.
- Developed and delivered training for staff on legal compliance and best practices in special education.
- Implemented data tracking systems to monitor student progress and program effectiveness.
- Facilitated communication between parents and educators to enhance student support.
- Conducted classroom observations to provide feedback and promote inclusive teaching strategies.
- Organized special education awareness events for the community to foster inclusivity.

#### INSTRUCTIONAL SPECIALIST

##### Innovative Learning Solutions

*2014 - 2016*

- Designed curriculum for various special education programs across multiple school districts.
- Assisted in the development of assessment tools that align with state standards.
- Provided ongoing coaching and support to teachers in implementing curriculum adaptations.
- Evaluated the effectiveness of instructional strategies through classroom assessments.
- Collaborated with external organizations to enhance resources available for students with disabilities.
- Contributed to research projects aimed at improving special education practices.
