- Earned recognition for developing a successful peer mentoring program.
- Contributed to a district initiative that improved special education services across multiple schools.

### PROFILE

Experienced Special Education Learning Advisor with a strong background in developmental psychology and educational practices. With over 10 years of experience in both classroom settings and advisory roles, I have developed a keen understanding of the unique challenges faced by students with special needs. My approach combines empathy with strategic planning to create effective educational interventions that cater to individual learning styles.

### EXPERIENCE

#### SPECIAL EDUCATION LEARNING ADVISOR

##### Riverdale Community Schools

*2016 - Present*

- Advised on the creation and implementation of IEPs for students with learning disabilities.
- Conducted training for teaching staff on effective strategies for supporting special needs students.
- Provided one-on-one coaching for students to enhance their learning outcomes.
- Performed regular assessments and evaluations to track student progress.
- Collaborated with multidisciplinary teams to integrate therapeutic approaches into the classroom.
- Designed educational workshops for parents to foster home support for students.

#### RESOURCE TEACHER

##### Sunnyvale High School

*2014 - 2016*

- Developed specialized curricula tailored to the needs of students with disabilities.
- Facilitated small group instruction to address gaps in student learning.
- Worked closely with counselors to provide emotional and academic support for students.
- Created resources for teachers to help them address diverse classroom needs.
- Engaged in community outreach to promote awareness of special education programs.
- Assisted in the transition planning for students moving from high school to post-secondary education.
