Michael Anderson

TECHNOLOGY INTEGRATION SPECIALIST

Innovative Special Education Program Coordinator with a focus on integrating technology into special education practices. With over 11 years of experience, I have successfully implemented various tech-based solutions to enhance learning experiences for students with disabilities. I excel at collaborating with educators to design engaging curricula that leverage technology and promote accessibility.

EXPERIENCE

TECHNOLOGY INTEGRATION SPECIALIST

Tech for All Schools

2016 - Present

- Developed and implemented technology-driven programs for special education students.
- Trained teachers on using assistive technology to improve learning outcomes.
- Collaborated with software developers to create custom educational applications.
- Conducted workshops on digital resources for special education.
- Monitored and assessed the impact of technology on student engagement.
- Provided ongoing support to educators in technology implementation.

SPECIAL EDUCATION PROGRAM COORDINATOR

Future Leaders Academy

2014 - 2016

- Coordinated special education programs for students with diverse learning needs.
- Implemented technology that increased student accessibility to learning materials.
- Facilitated training sessions for staff on the use of educational technology.
- Developed a resource library for teachers incorporating technology tools.
- Monitored student progress and adjusted technology use accordingly.
- Collaborated with families to ensure technology was supporting learning at home.
