EDUCATION

BACHELOR'S IN PSYCHOLOGY,
UNIVERSITY OF KNOWLEDGE

ACHIEVEMENTS

- Contributed to a research study that led to a 15% improvement in student performance metrics.
- Presented at the Annual Special Education Research Conference in 2020.
- Recognized for exceptional research contributions by the Educational Research Group.

PROFILE

Results-driven Special Education Researcher with 5 years of experience in applied research focused on enhancing learning outcomes for students with disabilities. Expertise in utilizing mixed-methods research to evaluate program efficacy and inform educational policy. Strong background in collaborating with educators and administrators to implement evidence-based practices within special education. Exceptional communication and presentation skills, with a passion for sharing research findings with a wider audience to influence positive change.

EXPERIENCE

RESEARCH ASSOCIATE

Educational Research Group

2016 - Present

- Conducted mixed-methods research on intervention strategies for students with learning disabilities.
- Utilized NVivo software for qualitative data analysis, enhancing research efficiency.
- Collaborated with teachers to implement and assess new teaching methods.
- Presented research findings to stakeholders, influencing program adjustments.
- Developed comprehensive training materials for educators based on research outcomes.
- Maintained organized research databases to track progress and findings.

INTERN RESEARCHER

Center for Special Needs Education

2014 - 2016

- Assisted in literature reviews to support ongoing research projects.
- Helped design and distribute surveys to gather data from educators and parents.
- Participated in focus groups to gather insights on special education practices.
- Contributed to the preparation of research reports and presentations.
- Engaged in data entry and analysis, ensuring accuracy and completeness.
- Supported project managers in coordinating research timelines and deliverables.
