

# Michael ANDERSON

## RESEARCH COORDINATOR

Motivated Special Education Researcher with a focus on assistive technology and its application in special education. With 4 years of experience, I have worked collaboratively with educators and tech developers to implement tools that enhance learning for students with disabilities. My background in educational technology allows me to bridge the gap between research and practical application, ensuring that students receive the support they need for success.

- San Francisco, CA

### SKILLS

- Assistive Technology
- Data Analysis
- Project Coordination
- Training Development
- Research Methods
- Public Speaking

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

#### BACHELOR'S IN EDUCATIONAL TECHNOLOGY, UNIVERSITY OF INNOVATION

### ACHIEVEMENTS

- Led a project that developed an assistive app, improving student engagement by 30%.
- Presented research on technology integration at the National Education Technology Conference.
- Recognized for outstanding contributions to educational technology research by the University of Tech Education.

### WORK EXPERIENCE

#### RESEARCH COORDINATOR

Tech for Learning

2020 - 2025

- Coordinated research projects evaluating the effectiveness of assistive technologies.
- Conducted interviews with educators to gather insights on technology usage in classrooms.
- Facilitated training sessions for teachers on integrating technology into their curriculum.
- Analyzed feedback to assess user satisfaction and educational outcomes.
- Collaborated with software developers to enhance educational tools based on user input.
- Presented findings at technology conferences, promoting best practices in education.

#### GRADUATE RESEARCH ASSISTANT

University of Tech Education

2015 - 2020

- Assisted in research projects focused on the integration of technology in special education.
- Conducted literature reviews to support ongoing studies.
- Analyzed data using statistical software to evaluate project outcomes.
- Participated in workshops to share findings with faculty and students.
- Maintained project documentation and ensured compliance with research protocols.
- Supported grant application processes to secure funding for future research.
