Michael Anderson

VOICE SPECIALIST SPEECH LANGUAGE PATHOLOGIST

Dynamic and innovative Speech Language Pathologist with over 7 years of experience specializing in voice therapy and professional voice use. Skilled in diagnosing and treating voice disorders in actors, singers, and public speakers. My approach combines clinical expertise with a deep understanding of vocal performance, allowing me to create effective therapy plans that help clients regain their voice and confidence.

EXPERIENCE

VOICE SPECIALIST SPEECH LANGUAGE PATHOLOGIST

Performers' Health Clinic

2016 - Present

- Conducted comprehensive voice assessments for clients in the performing arts.
- Developed individualized voice therapy plans tailored to each client's vocal needs and goals.
- Utilized techniques from both traditional and contemporary voice training methods.
- Educated clients on vocal hygiene and effective warm-up routines to prevent strain.
- Collaborated with vocal coaches to enhance therapy outcomes for performing clients.
- Presented workshops on voice care for performers at national conferences.

SPEECH LANGUAGE PATHOLOGIST

City Hospital

2014 - 2016

- Assessed and treated patients with voice disorders post-surgery or injury.
- Implemented evidence-based techniques to improve vocal function and quality.
- Monitored patient progress and adjusted therapy goals accordingly.
- Provided education to healthcare staff on recognizing voice disorders and referral processes.
- Engaged in community outreach to promote awareness of voice health.
- Participated in research projects aimed at improving voice therapy methodologies.
