UNIVERSITY OF SPEECH THERAPY

ACHIEVEMENTS

- Achieved a 95% client satisfaction rate through virtual therapy sessions.
- Recognized as 'Top Teletherapist of the Year' for outstanding client outcomes.
- Developed a resource toolkit for parents to enhance speech development at home.

PROFILE

Innovative Speech Therapist with a strong background in teletherapy and remote client management. With over 7 years of experience in providing speech therapy to children and adults, I have developed a unique skill set that allows me to effectively deliver services via digital platforms. My approach integrates technology to enhance learning and engagement in clients, particularly during the COVID-19 pandemic when in-person therapy was limited.

EXPERIENCE

TELETHERAPY SPEECH THERAPIST

Remote Speech Solutions

2016 - Present

- Delivered speech therapy sessions to over 150 clients using various telehealth platforms.
- Customized therapy activities utilizing digital tools to maintain client engagement.
- Developed instructional videos and online resources for clients and their families.
- Maintained detailed records of client progress and outcomes through electronic health records.
- Conducted virtual workshops for parents to support language development at home.
- Participated in weekly team meetings to share best practices and improve service delivery.

SPEECH THERAPIST

City Health Clinic

2014 - 2016

- Provided in-person and online speech therapy services for children with speech delays.
- Conducted assessments and developed individualized therapy plans tailored to each child.
- Collaborated with families to set achievable communication goals and monitor progress.
- Designed engaging therapy activities that encouraged participation and skill development.
- Participated in community outreach programs to raise awareness of speech and language disorders.
- Worked closely with educational staff to support clients' communication needs in school settings.
