BACHELOR OF SCIENCE IN MATHEMATICS, UNIVERSITY OF TEXAS

ACHIEVEMENTS

- Increased player performance metrics by 22% through targeted analytics initiatives.
- Awarded the Excellence in Analytics Award for outstanding contributions to team performance.
- Successfully led a project that reduced operational costs by 10% through data optimization.

ANALYTICS MANAGER

Strategic Sports Data Scientist with a profound expertise in quantitative analysis and sports performance optimization. Demonstrates an exceptional ability to translate complex analytical findings into actionable insights that drive performance improvements. Skilled in utilizing advanced statistical techniques and machine learning algorithms to assess player efficiency and team strategies.

WORK EXPERIENCE

ANALYTICS MANAGER

Premier League Data Services

2020 - 2025

- Led a team of data scientists in developing predictive models for player performance.
- Oversaw data collection and analysis processes to ensure accuracy and reliability.
- Collaborated with coaches to implement data-driven strategies for game day.
- Presented findings to executive leadership, driving strategic decision-making.
- Established best practices for data management and analytics within the organization.
- Fostered partnerships with academic institutions for research collaboration.

DATA ANALYST

Sports Insight Group

2015 - 2020

- Conducted comprehensive analyses of game performance and player statistics.
- Utilized R and Python to develop visualization tools for internal stakeholders.
- Collaborated with marketing to analyze fan data and enhance engagement strategies.
- Assisted in the development of machine learning algorithms for performance predictions.
- Presented analytical reports at industry seminars, enhancing organizational reputation.
- Supported the data governance framework to ensure compliance with industry standards.
